**NOTES:**

This list is subject to change.

Candidates are required to have ALL supervisors approved by the Candidate Progress Committee, and must contact the Chair of the CPC for approval prior to proceeding.

If a candidate selects a supervisor who meets the criteria (see 'Clinical Requirements' section of Candidates' Handbook) but does *not* appear on this list, a request for that supervisor must be forwarded to the CPC for review of credentials and approval prior to proceeding.

Supervisor applications and credentials are reviewed by the Credentials Review Committee, a sub-committee of the CPC.
